

Hoffman School Headphone Order

All students at Hoffman are assigned an iPad. In order to get the most out of their experience with the iPads, it is important for students to have headphones. Each child needs to have his or her own set of headphones for use on the iPads. The headphones will be kept in each classroom, and will not be shared. Each set will have a student's name on it, and be used by that student only.

The headphones we recommend are Cyber Acoustic's headphones. They are really comfortable and have a built in microphone to help us with recording our learning. To make it easy, we will be placing a school order. **To order a set for your child, please detach the bottom of this sheet and return it to school with \$11.00.** You may also be interested in ordering a pair for your child to use at home.

Although we highly recommend ordering the Cyber Acoustic's headphones, **you may also choose to send in another type of headphones with your child. Please consider the following when selecting headphones**

- They must fit the standard computer headphone jack
- They should have a microphone.
- No earbuds, please.
- They should be small enough to fit comfortably on your child's head.
- Please write your child's name on the headphones and send them to school in a gallon sized ziplock bag.
